HMC-230

ONLY 27" HIGH

Great for Counter or Undercounter Use

Compact counter-top or free-standing warmer holds bulk product HOTTER . . . FRESHER with less waste!

Simply LOAD...HEAT...SERVE!

Specifically designed to warm large volumes of Tortilla or Nacho Chips with applications for other bulk snack foods such as pre-popped popcorn and peanuts-in-the-shell. FWE's bulk chip warmer is ideal for added storage and warming for high volume operations.

Easy product loading makes this unit perfect for either heating for short or prolonged periods of time, producing a consistent and better tasting product - *without burning!*

This stainless steel cabinet easily wipes clean and features a removable clean-out crumb pan for speedy clean-up.
