

GUIDE TO MOBILE BARS & BACK UP SERVICE

WHY PEOPLE LOVE OUR Mobile Bars

A Perfect Fit

Find just the right size, exterior finish, and top surface. Then opt for bag-in-box or cans-and-bottle service, with or without a built-in hand sink. Customize the design to fit your unique operation.

Custom Sizing Available, Consult Factory.

Designed for Transport

Service goes where you need it — inside or out. All bars are mobile and built to withstand the stress of regular transport. Consult factory for the best caster options for your needs.

Built to Last

We build the “toughest bar in town” featuring an all-stainless workspace and tubular base frame designed to withstand heavy use for many years.

FIND YOUR Style

ARCHITECTURAL

"AS-CB" & "AS-BBC" SERIES

Ornately carved, authentic mahogany wood with brass kick plate is an elegant choice, available in a variety of finishes.

EXECUTIVE

"ES-CB" & "ES-BBC" SERIES

Beautiful, simple, authentic maple wood design available in a variety of finishes.

LAMINATE

"CB" & "BBC" SERIES

Durable, solid .75" laminate exterior in a variety of style options.

STAINLESS STEEL

"SCB" & "SBBC" SERIES

Stainless steel construction stands up to the elements, perfect for outdoor use.

GRAPHIC WRAPPED

"SCB" & "SBBC" SERIES

Customer-provided artwork printed on vinyl and wrapped onto durable stainless steel.

Steel Construction

Configure YOUR BAR

↔ SIZING

Choose from 4ft, 5ft, 6ft, and 8ft bars. Consult factory for custom sizing options.

CANS & BOTTLES

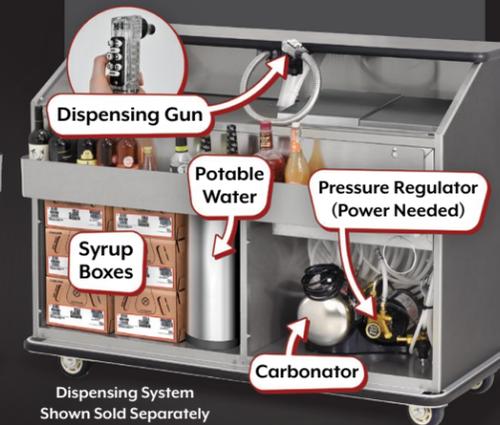

Keep service simple with no power source or dispensing system. Use pre-chilling and ice from 60lb ice bin to keep drinks cold. Storage space includes shelf for cans, bottles, glasses, and more.

OR

BAG-IN-BOX

Serve hundreds of drinks per box, refilling water tank as needed. Drinks are chilled as they dispense, piping through the 50lb ice bin. Plain water is carbonated, then mixes with syrup as it dispenses.

Dispensing System
Shown Sold Separately
